**BEST BARGAINS IN PUBLIC GOLF**

If there's an epicenter for cheap, decent public golf in America, it's Kansas. There are five courses listed in Golf Digest's Best Places to Play with ratings of at least four stars that will cost you less than \$25 to play, including ★★★★★½ **Quail Ridge Golf Course** in Winfield and **Hesston Golf Park**, neither of which will cost you more than \$19 to walk on the weekends. But northern Utah is home to our favorite. Others might cost a little less, but at \$24, ★★★★★½ **Bountiful Ridge Golf Course's** vistas of the Wasatch Range and the Great Salt Lake come at no extra charge. With greens scarier than an Olympic downhill run, a waterfall framing the reachable par-5 18th and a snack-shop chili-cheese dog that will make you forget your name, this eminently walkable and meticulously maintained muni in Bountiful defines the essence of public golf: affordable, home-spun and exceptional.
